Cozumel Dort Information

Cozumel, Mexico is an invigorating port of call on a Caribbean Cruise vacation. An island and a city off the eastern coast of Mexico's Yucatan Peninsula, Cozumel is known for some of the world's healthiest coral reefs and rarest natural recreation. This island in the Caribbean Sea is an extremely popular destination for scuba-diving and snorkeling enthusiasts.

The Mayans considered the site sacred to the Moon Goddess, Ixchel, and women would make regular pilgrimages there to pay tribute and to wish for fertility in return.

The arrival of the Spanish in 1518 brought disease and devastation, nearly wiping out the Mayans and leaving the island all but deserted by 1570. It was an outpost for pirates until 1848, when warfare in the Yucatan drove refugees to settle there. A boom in visitors to the island came after 1959, when the famed Jacques Cousteau publicized Cozumel's coral reefs as among the best in the world for scuba diving.

Today, Guests can let their imaginations take flight in the island the Mayans named Cozumelthe "Island of the Swallows"-so long ago.
